NOW.**

WHAT IS INCLUDED?

£1,100 + VAT

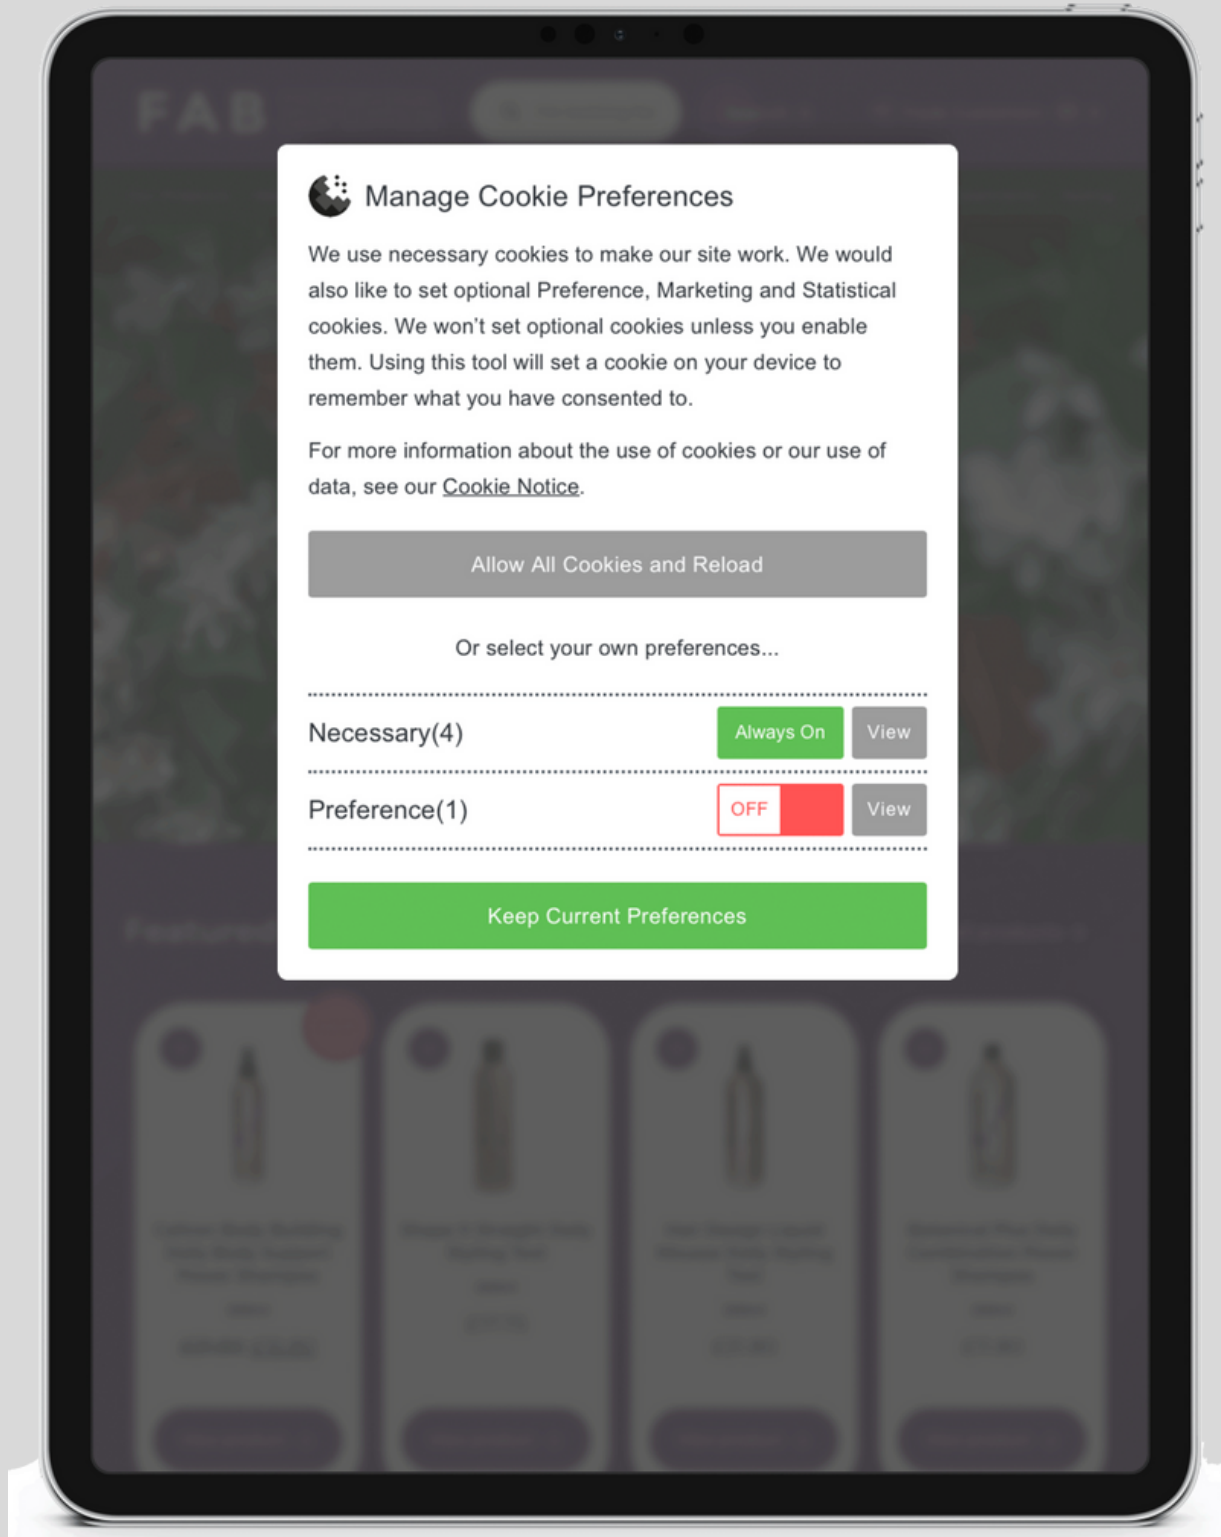

CookieScan

- Premium CookieScan™ account, colour matched to the theme of the website.
- Cookie Banner & Cookie Notice (requirement of ePrivacy Directive).
- Privacy Notice (extended version) branded and tailored to your business (requirement of UK-GDPR & Data Protection Act 2018).
- Privacy Notice animation (simplified version) branded to your business. This will provide a generic overview of the extended Privacy Notice.

THE FINER DETAILS

- The team will assist with the preparation of your privacy notice. Your privacy notice lets your customers know what you are doing with their data. It's important, because if you collect data, and don't have one, you are breaking the law.
- The privacy notice will be displayed in two ways on your website, this is all included.
- The CookieScan™ solution is easily added to your website, and is tailored so it matches your branding.
- We will liaise with your website developer, or marketing team, to make sure CookieScan™ is set up correctly, giving you and your site users the best experience.
- CookieScan™ will gain consent from users, where required, which again, is the law. This is compliant with the UK GDPR, ePrivacy Directive and the CCPA.
- CookieScan™ can be linked with google tag manager, and google consent.
- If technical difficulties are discovered with your website, the team at CookieScan™ will be available to assist, at significantly reduced rates, to enable a seamless setup process.
- DPAS can further support with data protection compliance e.g. GDPR audit, training, policies and more.
